James -

This letter on the reverse side just about sums up my feelings likest I wonder if you really know how far you have set back relations and good will with your race.

You should know that this State will never accept integration at the point of a bayonet. If and when it comes, it will be when the minds and hearts of the people are in it.

James H. Meredith
University of Mississippi
University, Mississippi

James:

May I be the first white alumnus of my dear and revered University, the University of the State of Mississippi, to congratulate you on (1) the lift's blood of two and possibly many more individuals, (2) the irrespressible damage that you have caused the school you so venomously and covertly stole onto in the shades of darkness much in the same manner as the negro rapist who under the shades of darkness stole into the bedrooms of and raped white women. As you know, he recently was caught in Washington, D.C. Truly, you have raped my dear Alma Mater, which is not the University of the Kennedy's, not the University of the Supreme Court, and not the University of the NAACP.

In as much as you were reared in the State of Mississippi, you of all people knew full well the repercussions of your recent and persistant actions. I refer you to the tenth amendment of the constitution of the now defunct democratic institution.
